To The Trade.

PLEASE READ CAREFULLY.

This is our 14th year in business. We have some 300 acres devoted to growing a general line of stock.

Our Soil is all that could be asked for to produce a clean, healthy, well grown tree, being a sub-sandy, gravel loam, which makes the best root system found in any part of the country.

Our Office, storage cellars, and home nurseries are located nine miles east of Hartford on the Midland Division of the New York, New Haven & Hartford Railroad; 108 miles from Boston; 122 miles from New York. Take an express train from either station at 8 or 2 p. m. We are also on the Rockville Trolley line from Hartford, Station 31 in front of the office. Shipping connections west with Pennsylvania Railroad and New York Central. Transfer car leaving every day for both roads.

Terms—Cash or Security before Shipment except to parties who are well rated in the commercial agency or well known to the trade. Fall bills due December 1st and Spring bills June 1st.

Shipping Season usually commences about September 25th in the Fall and on spring shipments after the 1st of January out of Storage, using refrigerator service for all stock except evergreens, asparagus roots, shade trees and strawberry plants.

Orders we accept with the full understanding that they will be void should any stock be injured by frost, fire, hail, or any other causes beyond our control. It is also understood that we do not guarantee stock to live after it is delivered to the Transportation Company in a good healthy condition.

Claims for deduction must be made within three days after the receipt of the goods or the same will **not be allowed**, and invoices must be paid in full.

Shipping Directions—Please give way, express or freight, route, etc. If none are given we will forward according to our judgment, assuming no responsibility after goods are delivered to carrier.

Dealers—We are in a position to furnish a complete list of stock all packed up and delivered to Railroad Station at a slight charge above wholesale rates for labeling and tying up.
